GOLDEN ECLIPSE

BADETTY BROTHERS

HUNTINGTON DAHLIA GARDENS

HUNTINGTON

N. Y.

GOLDEN ECLIPSE

Generally accepted as one of the greatest formal decoratives of recent years, this variety has become so widely known both in this country and abroad that it is assured of being one of the most universally grown of all the newer introductions.

In color it is a rich golden yellow blending slightly to a warm salmon at the center. This soft, glowing shade has the added feature of responding brightly to artificial light.

The large perfectly formed blooms conform strictly to the recognized, true formal decorative type. Cut on strong 3 1-2 to 5 foot stems, they furnish the subject for a most spectacular display that will outlast a four-day show.

As an exhibition dahlia, Golden Eclipse has an envious record. It won first in 1932 as an undis-seminated variety in the big New York Show of the A. D. S., where it has likewise won for two years in open competition as the best formal decorative. This past year it received first honors in a class for the best varieties disseminated in 1934 and besides, featuring prominently with James Kirby in the large prize winning exhibits staged by Peter Henderson & Co., in the New York Show, it has a long list of first prizes to its credit. It has the Certificate of Merit of the A. D. S., and has been a member of the Dahlia Honor Roll for three years.

The plant stands out among all varieties for its vigorous growth. It grows 6 to 7 feet high with great uniformity and a complete lack of stunted plants. Left to grow naturally, it is literally covered with large blooms. It makes a clean bush that needs no thinning out and will produce blooms of exhibition caliber with practically no disbudding.

Dependable growing habits, a true type bloom that keeps when cut, a rich, warm color, strong stems and a natural ability to win are qualities that recommend Golden Eclipse to every one who grows the best dahlias.

Roots \$3.00

Plants \$1.50

NOTE: We have been informed that another dahlia is being offered under the name of Golden Eclipse. To avoid disappointment order direct or from a responsible dealer or grower who can furnish the true type formal decorative originated by us.

SENECAS F.D. In color this is the most beautiful of all the autumn shades. A clear, soft, golden bronze with a satiny sheen. The blooms are carried on strong stems on plants of medium height and respond nicely to disbudding.

Roots \$1.00

Plants \$.50

IDA McSHERRY F.D. A most conventional type of a color described as a chamois suffused with rose. Plants are medium in height and very prolific. After the main stalks are cut a dozen or more laterals start from near the ground and grow very rapidly into straight, stiff stems bearing large blooms.

Roots \$1.00

WM. McGAUL, JR. I.D. A splendid garden variety. Color, amber slightly flushed with flesh color. A good robust grower and a free bloomer.

Roots \$.50

JAMES KIRBY

A superb informal decorative of real exhibition size. In color this strikingly beautiful flower has been referred to as resembling a glowing ruby. Its dazzling brilliance combined with richness is not matched in any other dahlia in cultivation. It may be described briefly as crimson blending gradually to a deeper ruby tone at the center—a color that does not fade or burn in the sun.

The graceful clean-cut formation of the bloom, which may be noted in the accompanying illustration, combined with the rare coloring, produce a charming effect.

The plant is a vigorous grower reaching 7 feet in height. The blooms are correctly poised on strong stems that we have often cut up to 5 feet in length for our exhibitions.

Besides being an Honor Roll Dahlia this variety has received the A. D. S. Certificate of Merit and won first honors and a silver trophy in the A. D. S. Show for best 1933 introduction and been awarded numerous other first prizes.

Testimony has reached us from various sections that James Kirby has proved to be the best red exhibition dahlia for cutting introduced to date.

Roots \$2.00

Plants \$1.00

SCARLET DELIGHT, C. A true incurved type of a fiery scarlet color. The brilliant green foliage on plants of medium height enhance the beauty of this pleasing flower. Blooms medium in size and in great profusion make this an ideal garden variety.

Roots \$.50

BADETTY BROTHERS -- DAHLIAS

NATHAN HALE F.D. This is one of our favorites and a most useful variety. It is a rich autumn bronze and a wonderful keeper. For those who use dahlias for house decorations, this one cannot be excelled. In the New York show this past year it carried off first prize for a basket arrangement of 25 blooms of a dahlia growing normally up to 7 inches in diameter. It is a sturdy grower that will stand up well under adverse conditions. For those who sell blooms, we recommend Nathan Hale as one of the best we have ever grown.

Roots \$.50

SCARLET LANDSCAPE F.D. In this variety we have something distinctly different and unique. Plants 3 1-2 to 4 feet high with rich green foliage and a mass of bright red blooms. The stems are very short, causing the flowers to be grouped together in a solid mass, often as many as 25 blooms on a single plant. The spectacular effect of a solid bank of red relieved by patches of rich green foliage, produced by a row of these plants in a border or background, may well be imagined.

Roots \$1.00

TOPAZOS I.D. Very similar in color and type to the old Patrick O'Mara. Color, clear topaz yellow shaded and streaked rose. A very thrifty grower and free bloomer.

Roots \$.75

BETTY LEE F.D. A blend of pink and white that produces a delightful apple blossom effect. Tall habit of growth, straight stems for cutting and a pleasing color make this a desirable addition to a collection.

Roots \$.75

ROSEATA F.D. An old favorite and one of the best pink dahlias in existence, without doubt the best keeper of all. The color is a soft pink suffused with salmon and sometimes streaked with creamy gold. Under certain soil conditions it will sometimes throw open blooms that are most artistic for decorative purposes.

Roots \$.75

ARCTURUS (Peck 1934) F.D. Scarlet red suffused deep yellow with yellow reverse.

Roots \$6.00

Plants \$3.00

ALASKA (Siebrecht) F.D. Pure white of good form and with a very good stem.

Roots \$1.00

ALYCE MARIE GALVIN (Galvin 1934) F.D. An immense white with light shading of pink. Habit of growth is very good. A very fine dahlia.

Roots \$3.00

Plants \$1.50

AMELIA EARHART (Cordes 1933) S.C. An outstanding prize winner and a beautiful dahlia. The blooms are of a coral-salmon color, very large and deep and the plant has excellent habit.

Plants \$3.75

BUCKEYE BRIDE (Roberts) F.D. This beautiful pink is an early and continuous bloomer and has a very open, clean habit of growth.

Roots \$1.00

Plants \$.50

CAMEO (F & M 1933) I.D. The coloring of this dahlia is very pleasing. Coral-rose with a golden sheen and a reverse of rose pink. A very desirable variety of excellent habit.

Plants \$1.25

CHAUTAUQUA REGAL (Wallace 1934) F.D. This dahlia is well named for it is truly regal. The color is a very rich, brilliant, cardinal red with reverse shaded ivory.

Roots \$7.50

Plants \$3.75

BADETTY BROTHERS — DAHLIAS

- CHAUTAUQUA SALUTE** (Wallace) F.D. A perfect pure white that is an early and continuous bloomer. An excellent keeper as a cut flower. **Roots \$.50**
- CLARA BARTON** (Nuneviller 1934) I.D. A large pale lavender or silvery-orchid with a reverse of deep lavender. A very soft tone. **Roots \$5.00 Plants \$2.50**
- ELINOR M. RADELL** (Felsing 1933) I.D. The growing habit of this dahlia is excellent and the color, a rose pink with gold shadings and a deeper pink reverse, is very pleasing. **Roots \$2.50 Plants \$1.25**
- ELISSA LANDI** (Cordes 1934) F.D. A variety that has done exceedingly well for us. Perfectly formed blooms of rich coral. The plant growth is very good and the stem fine. **Plants \$2.50**
- ELKRIDGE S.C.** Old but good. A clean cut pure white that has stood the test of time. **Roots \$.50**
- FRAU O. BRACHT** (Berger) S.C. This is an imported cactus that has become very popular. A clean cut light primrose yellow that blends well with Paul Pfitzer. **Roots \$1.50 Plants \$.75**
- HILLCREST FLUFFY RUFFLES** (Scott 1934) I.D. Very large and as the name might imply, of an artistic formation. Deep apricot in color and a good sturdy habit. This is a good exhibition dahlia. **Roots \$5.00 Plants \$2.50**
- HILLCREST MANDARIN** (Scott 1933) I.D. For a brightly colored dahlia, this variety will be very hard to beat. Large brilliant red with curled and twisted petals showing the amber reverse which gives a two tone effect. **Roots \$3.00 Plants \$1.50**
- JANE COWL** (Downs) I.D.—So well known that a description is hardly necessary. A pleasing blend of autumn shades combined with vigorous growth and excellent stem makes it a very desirable variety. **Roots \$.50**
- JANET SOUTHWICK** (Chapman) I.D. A large flower of a deep Tyrian rose. Very good. **Roots \$1.50**
- JERSEY'S BEAUTY** (Waite) F.D.—This is one of the most popular dahlias of all time and is grown in large quantities as a cut flower. **Roots \$.35**
- KAY FRANCIS** (Cordes 1935) S.C. This new yellow has already proved itself to be a great prize winner and will undoubtedly become one of the leaders in the dahlia world. A light lemon yellow of beautiful formation that will stand adverse weather conditions. A very free bloomer and a good keeper as a cut flower. **Plants \$5.00**
- LA FIESTA** (Cordes 1933) I.D. The very unique formation and color of this dahlia make it very desirable. The color is a rich yellow pencilled with red. The blooms look like huge chrysanthemums for the narrow petals curl and twist and form a perfect ball. **Plants \$1.50**
- LORD OF AUTUMN** (Almy 1934) I.D. This great prize winner was one of the sensations of the 1934 shows. A truly fine dahlia that has already made many friends. A rich golden yellow of great diameter and depth that can be cut on very long stems. You will surely want this one. **Plants \$5.00**
- MAE WEST** (Gates 1934) I.D. Beautiful soft, rosy-pink with a golden center. A good addition to any collection. **Roots \$4.00 Plants \$2.00**

BADETTY BROTHERS - - DAHLIAS

- MRS. ALFRED B. SEAL** (Seal) I.D. Blooms of exhibition size of a soft shade of pale, old rose. Perfect habit of growth but rather late. **Roots \$.50**
- MURPHY'S MASTERPIECE** (Murphy 1931) I.D. This remarkable dahlia is one of the greatest prize winners of all time. It is too well known to need further description. The huge dark red blooms have been grown to 17 inches in diameter. Be sure to add this one to your collection. **Plants \$2.50**
- MYRA HOWARD** (Glutzbeck 1932) I.D. A very worthy dahlia of a glowing combination of yellow cadmium and gold with tints of salmon. Petaloid formation which, with its delicate coloring, makes a most pleasing large bloom.
Roots \$2.50 Plants \$1.25
- NEWPORT TRIUMPH**, Sgle. The best single dahlia we have ever grown. A very free bloomer and a spectacular member of the garden. The soft pink blooms keep well and make very artistic decorations. **Roots \$.50**
- OMAR KHAYYAM** (Stout 1931) F.D.—In the bright colored class, this is a gem. Chinese red at the base, shading to a bright orange and tipped lighter. **Roots \$1.00 Plants \$.50**
- ORIENTAL GLORY** (Schwartz 1934) I.D. This grand variety is a gem of the dahlia world and is admired by all who see it. Its color is outstanding. Pure cadmium orange overlaid with scarlet, center and reverse heavily shaded scarlet. General effect, a brilliant deep orange. Habit excellent and it will produce exhibition blooms with very little attention. **Roots \$7.50 Plants \$3.75**
- PAUL PFITZER** (Berger) S.C. One of the new imported novelties that is already very popular. A blending of shell pink and primrose that is very pleasing. A glorious dahlia and a sure winner in a class that is not crowded. **Plants \$1.00**
- PENN CHARTER** (Hall) I.D. Old gold with a light shading of deep rose. Blooms of large size and a very vigorous grower. **Roots \$.50**
- SATAN** (Ballay 1932) S.C. Another variety that is well known because of its ability to win prizes. Flaming red with slight touches of gold at the center. An unusually sturdy grower and truly a great dahlia. **Roots \$3.50 Plants \$1.75**
- SPOTLIGHT** (Hulin 1934) I.D. A beautifully formed light yellow of a very pleasing formation. One of the good dahlias of recent introduction and worthy of a place in every collection. **Roots \$7.50 Plants \$3.75**
- SULTAN OF HILLCREST** (Scott 1934) F.D. One of the best new formal decoratives. The color is stronian yellow and the habit is excellent. This variety and our Golden Eclipse are the two truest type large formal decoratives and they will be used as a standard of comparison in this class. This is one of the best of the new ones. **Roots \$7.50 Plants \$3.75**
- WHITE WONDER** (Black 1933) I.D. A giant pure white with twisted and curled petals. A great prize winner, a healthy grower and a good root maker. You will like this one. **Roots \$2.00 Plants \$1.00**

BADETTY BROTHERS — DAHLIAS

POMPONS

AMERICAN BEAUTY. A sensational new pompon of our introduction, shown in 1934 in the New York Show for the first time. The blooms are 1 1-2 to 1 3-4 inches in diameter, perfectly formed and of a most rare shade of rich American Beauty Rose color. The plant grows about 24 inches high and is very bushy and is one of the most prolific bloomers we have ever grown, being covered with flowers the entire season.
